ALUMINUM IS HEAVIER THAN GRANITE

Specific Gravity of Aluminum - 2.7

Specific Gravity of Granite - 2.5

42 YEARS IN SCHOOL.
J. V. B. Stone, the father of 14 children, has had one or more children in school continuously for 42

years. His first child started going to school in 1900, and the graduation of the youngest is scheduled to take place this month.

Tomorrow: Oldest Street in the Americas.
